Who I Am

I'm Dawn. A hard-working, driven, and creativity oriented developer looking to build upon my existing skill sets, make an impact, and work with others on fulfilling and challenging projects.

Education

2019 Graduate
Loudoun County High School
3.9 GPA, 1260 SAT
AP Scores:
- CS A: 4 (Passed w/o taking course)
- Lang: 5
- World History: 3

Currently Enrolled
Virginia Commonwealth University

Experience

Full-Stack Engineer
Press Hook
2021-Present

Worked with a team to implement new features, improve UX, and optimize workflows within our core Python application. Used JIRA and GitHub to track tasks and contribute code.

Advanced Repair Agent
Geek Squad
2020-2021

Diagnosed and resolved hardware and software issues for clients across a variety of system types.
Specialized in macOS/Unix work.

Volunteer Software Developer
Kinstone, LLC
(Zeldathon.net)
2016-Present

Built a variety of software alongside an international team of developers in order to provide an interactive and enjoyable experience for up to thousands of concurrent viewers to raise money for charity. (Over 2m raised since 2009)

Lighting Director
Tally Ho Theater
2018-2020

Worked with touring productions to unload and set up their equipment, plan for the show, and accurately execute their vision for the evening. Other duties included maintaining lighting hardware and computers, as well as running visuals for the show.
